YOUR PLANNING OBJECTIVES

Please identify the reasons you are considering planning or areas you would like to learn more about (select as many as you wish):

- Minimizing or eliminating estate taxes upon your death (up to 40% of your assets and life insurance benefits)
- Reducing estate administration costs through probate avoidance
- Ensuring that a special needs beneficiary has assets that are protected from government seizure while retaining eligibility for needed services
- Avoiding conservatorship proceedings (aka “living probate”) if you or your partner become incapacitated
- Avoiding probate delays and stress upon your death or the death of your partner
- Protection from hospital policies requiring life sustaining procedures when you would rather not endure them
- Protection from having healthcare decisions made by people other than those you trust most

Protect Your Children or other Beneficiaries

- From predators who can discover inheritance amounts and target young or vulnerable beneficiaries
- From claims of divorced spouses to take half of your child or beneficiary’s inheritance
- From malpractice claims, for beneficiaries in the professions
- From other creditors’ claims (such as car accident plaintiffs)
- From the stress and delays of the average 16-month process of probate
